SUNNYVIEW HOME FOR THE AGED
WEST SWHUCKMAHUCK, WISTASIPPI

SCENE - Front porch of the main house

"Mornin' Dan," Mornin' Dick,". Come out to sit an rock a spell! Yah, I got tired of sitting inside twiddlin' my thumbs. Say Dan, I got a letter from one of our old students in the mail this morning, Sherry Hagle. You know, she married some young buck named Skelton. Last I heard they had enough girls for their own basketball team, all twins, too.

She wrote to invite us to a reunion the class of '62 is having. Said she had a little trouble locating all of the members but finally found them all.

Seems as how Darwin Hanna is a commercial airlines pilot and doesn't have any definite home, anyway that's what his wife thinks. I always knew that boy had his head in the clouds.

Easiest one to find was Helen Phillips, she's been the first lady of the state of Michigan now for quite some time. Someone said her husband was going to run for President this next term. Should be a real good candidate. Doubt if he can beat Kennedy, though.

Russine Pottinger finally gave up the music teaching business. She's still close to education however, she married her principal. They have three real nice children.

She doubts that Mike Preston will make the reunion. He really hit it big in the insurance business--has charge of 7 states. I'll bet that keeps his little green Chevy hoppin'!

Donna Owens wasn't hard to find, either, She just finished another successful season on Broadway, Her frequent television appearances have been a real riot! Course it doesn't hurt to have a producer for a husband!

Ruth Finnell sure has done well for herself. She has been head Registered Nurse at Walter Reed Hospital for quite some time now. I knew that girl would go far!

Sherry says Myron and Jannis are doing real well, they own two sections of land now and with their five boys are farming the whole works. No milking either! I'll bet that's good news for Myron!

Nicky Walter has her own modeling agency as I understand it. Her husband helps her run it. Seems as though she started out as his secretary and it wound up she was boss all the way around. I always knew that girl had some outstanding characteristics.

Farthest member away from the reunion site will be Mary Smith. She has been foreign correspondent in Rome now for quite some time. She loves to travel and the newspaper business takes her all over the world.

Sherry said Steve Robison is one of the finest contractors in the State. His firm just completed the new capitol building and he was the overseer for the whole business. I always figured his talents included more than hurdles and picture frames.

Sharon Kesterson wrote and said she couldn't make it. Her husband's company just struck oil in Iran and they have to fly over there immediately. Sure must be nice to be rich!

A. B. and Sid are moving into a larger house this month and may not make it, either. You don't usually plan on triplets with four young ones already. . Sure is a good thing he owns forty acres in Texas--downtown Dallas, that is!

George Kralik will probably be there. He has been legal advisor for the state for quite some time. He and his wife have a beautiful home in the capital city. George sure has moved up in the world, fast, too!

Well, Dan, I see the old bat, oops, I mean Karen is coming to make her yearly check-up on all of us old fogies up here. I'd think she would get tired of touring the country checking up on all her investments, and clipping her coupons. Maybe she'll take us with her if she goes to the reunion. Sure would like to see that bunch of rounders again.

Say Dan, what say we sneak in the kitchen and see if there's something in the refrigerator. It's been 2 hours since breakfast and I'm starved!!

Class Poem

Listen my friends, and you shall hear,
Of the senior class of this graduate year.
We'll take our time as we run the list down,
As there are fifteen of us to be found.

Annabelle is the shortest of the class,
So we'll put her first instead of last.
In the band she was a majorette;
She will be one we will never forget.

George was good in sports and band,
And was always around to lend a hand.
His marks were good and his goals were high,
Just two of the traits of this all 'round guy.

Ruth Ann is the artist of our class,
With her good grades she is sure to pass.
She's always ready to help anyone,
Whether in work or just in fun.

Darwin's the guy with the pretty white Ford,
Around the girls he is never bored.
He always got along in school,
He's one senior you just can't fool.

Russine drove her car to some crazy places,
And the teachers too, by the looks on their faces.
She'll be remembered and liked by all,
If you need cheering up, just give her a call.

Steve is the nightowl of our class,
He never studied but still he passed.
The day may come when he'd like to return,
And study the things that he didn't learn.

Sherry is a forward on our basketball team,
And with Larry she is always seen.
The first of the class to wear a diamond bright,
Congratulations, Sherry, we know you will do alright.

Down the highways Myron would fly,
In his Mercury he's quite a guy.
He never worked too hard in school,
And would rather skip it as a rule.

Nequita was our Junior Miss Queen,
To be a secretary is her dream.
Where there is laughter, she is there,
A better friend you'll find nowhere.

Mike, who is known by us all,
Is, as you know, not very tall.
His worries and his cares were few,
Happiness will be his in the future, too.

Helen is always charming and neat,
In her studies she can't be beat.
She's usually on the honor roll,
To be valedictorian was her goal.

If you're looking for someone quiet and small,
It's Donna you'll find in study hall.
She keeps her studies up to par,
With her ambition she'll go far.

Mary was the youngest of our class,
She was always willing to help when asked.
Just take a look and you'll find,
She can do work of any kind.

Sharon's the girl with the friendly smile,
She is carefree and happy all the while.
We hope that in her life's career,
She will always succeed without fear.

Karen, the last but not the least on the list,
Is the one who in the future will be greatly missed.
As a basketball guard, she rates above all,
Right on the spot to get that ball.

Now as we all take our last looks,
At the school house, teachers and our books.
We bid you farewell and go on our way,
And hope we will all meet again some day.

Mike Preston
